

September 30, 1948

Dr. Morley Morgana,
Ethyl Corporation,
1600 West Eight Mile Road,
Ferndale 20, Detroit, Michigan.

Dear Doctor Morgana:

Doctor Kehoe has been out of the Laboratory during the greater portion of the time of the last few weeks. He, therefore, has had no opportunity to reply to your letter of September 21 concerning your observations on Vitol fluid. He is very much concerned about the items of information and will be interested in knowing everything you learn as further information is developed. He will be interested in discussing the results with the Thompson Vita-meter people as well as yourself just as soon as this is possible.

Very truly yours,

E. R. Fortlage, Secretary to
Dr. Kehoe
