TO Cumming Paton - St. Louis CC W.R. Richard - St. Louis

CONTACTS: Dick Barnes -

OBJECTIVE: Pick up sample of Therminol fluid.

THERMINOL CONVERSION: The Therminol fluid is being used in a flight simulator in the wind tunnel area. I picked up the sample and forwarded it on to St. Louis. Discussed reasons for changeover to new Therminol fluids and pointed out that they would have to possibly flush the system once we had completed the conversion.

FUTURE ACTION - Will contact Dick Barnes as soon as we have test results from St. Louis
