Subject: introduction

Hi Ken-

I handle federal regulatory affairs for Duke Energy, and I wanted to reach out and introduce myself. I heard you speak at a recent ECOS conference, and was excited to hear about your role resetting the appropriate balance to the federal-state partnership as well as ensuring consistency amongst the EPA Regions.

If you haven't already had the opportunity, we would love to have you out to some of our facilities in Region 4 and 5 and talk about some opportunities to streamline the permitting process with EPA.

Thanks and regards, Venu
