Dear Dr. Barthels:

Thank you for your letter of October 29, 1974. It is indeed unfortunate that you were unable to be represented at the Vinyl Chloride Safety Association meeting on October 31 and November 1, 1974 since it was an excellent and informative meeting.

Please pardon my delay in replying, but a labor conflict at my plant prevented an earlier acknowledgement.

As I pointed out in my letter of invitation dated June 25, 1974, no formal proceedings of our meeting are taken, nor are they published. Each representative is encouraged to take his own notes and at his discretion distribute them among his own organization. Thus, I am sorry I will be unable to comply with your request for a report of the association's recent meeting.

I have added Limburgse Vinyl Maatschappij to the Vinyl Chloride Safety Association mailing list and will forward to you announcements of subsequent meetings and announcements.

Very truly yours,
