Hi Alana,

Wonderful news - we are honored and thrilled to have him join this event! We will be using Crowdcast - the upcoming panels are all [here](#).

I am looping in Jo Jensen from our film team who has been helping coordinate the tech for these events. Our team is happy to do a quick tech check session whenever convenient in the next week.

Looking forward to working together and a great event!

Best,

Nate

Good afternoon Nate,

Thank you for your request on behalf of Federalist Society's . Sorry for the delay in responding. Administrator Wheeler would like to participate in your Virtual Panel Discussion on September 24, 2020 at 7:00pm. What platform will you be using for your virtual event?

We look forward to working with you on coordinating the details for this event.

Thank you,
Alana Hyman

Subject: Fed Soc Invite for Administrator Wheeler

Hi Adam,

I hope this finds you well! Below is an invitation to Administrator Wheeler to join RTP for a virtual panel discussion titled The Future of Our Earth on September 24 at 7pm ET. I wonder if you could assist with passing it along?

Any help would be most appreciated.

Best,

Nate

Dear Administrator Wheeler,

In September/October, the Federalist Society's Regulatory Transparency Project is hosting four virtual discussion panels to mark the upcoming release of our new documentary, They Say It Can't Be Done. The film highlights some of the many regulatory barriers to innovation through real-life stories. I was hoping you would be interested in joining a panel discussion related to the movie, titled *The Future of Our Earth* on September 24 at 7pm ET?

Background

They Say It Can't Be Done (TSICBD) is our full-length documentary movie which looks at innovative solutions to four global problems:

- Hunger and Animal Welfare & Cell Cultured Meat
- Global Warming & Carbon Capture
- Ocean Acidification & Open Sea Farms
- Rising Healthcare Costs & 3D Printed Organs

The trailer is [here](#) and the full movie is available for you to view here (**PLEASE DO NOT SHARE**):

Movie: Ex. 6 Personal Privacy (PP)
Password: Ex. 6 Personal Privacy (PP)

Virtual Events

We've now concluded that an in-person premiere for the movie is unlikely anytime soon. But we are very excited to host virtual events in September/October. *Can Do It Live* will be a unique event series in extraordinary times. We are bringing together innovative entrepreneurs, regulatory experts, noted academics, and intellectuals for four robust, 90 minute discussions about creative, bipartisan solutions to global challenges to our shared future. They will be:

- The Future of Our Seas - Sept. 10th
- The Future of Our Health - Sept. 17th
- The Future of Our Earth - Sept. 24th
- The Future of Our Food - Oct. 1st

All RSVPed attendees will be emailed a watermarked link of the film prior to the event. The film will set the tone for these panels but they will not primarily be about discussing the film; rather, the film will serve as a starting point for our discussion of the ideas and issues addressed through the featured stories.

Invitation to Join the Panel on 9/24

We would be honored to have you join the panel discussion for *The Future of Our Earth* on September 24 at 7pm ET. We think you would be a great addition to the conversation between a high profile gathering of experts/officials.

Happy to answer any questions or concerns at your convenience!

Best,

Nate
