Dr. Robert A. Kehoe
Kettering Laboratory
University of Cincinnati
Cincinnati 19, Ohio

Dear Dr. Kehoe:

Attached is correspondence received from our Southern Region regarding the maximum allowable limit of the use of tetraethyl lead in gasoline. You will note that Peppers Refining Company would like to have an expression from us on this matter.

We know that you have answered this problem on numerous occasions. However, we would like to receive your comments on this particular question in order that our answer to this customer will be consistent with your views.

Sincerely yours,

Van
