Re: Scott County Justice Center, Reconnaissance Inspection Report

Dear Mayor Jeffers:

The U.S. Environmental Protection Agency and the Tennessee Department of Environment and Conservation inspected the sanitary sewer pump station that services the Scott County Justice Center located at 575 Scott High Dr, Huntsville, Tennessee on October 13, 2022, in response to reports of ongoing sanitary sewer overflows at the pump station that appears to have impacted waters of the United States.

The inspections findings and recommendations are provided in the enclosed Reconnaissance Inspection Report. Within 20 days of receiving this letter, please provide the EPA with a written response to each finding, including timeframes for any actions intended by Scott County. Please provide your response to Mr. Dennis Sayre at Sayre.Dennis@epa.gov. If you have any questions about the inspection report, please contact Mr. Sayre at the email provided above.

Sincerely,

**JAIRO
CASTILLO**
