THE WAY TO BEAUTIFUL HOMES

Make
your
house

painting rich in color

Cradled on sand dunes by the sea, this house painted Del Monte gray and trimmed with cascade green, becomes part of the lovely picture. And you can paint your house in colors that are equally well suited to its surroundings with the help of the B-H Exterior Color Harmony Selector.

Made of shades of B-H brand Prepared Paint and Stucco Coatings, the Selector offers you any number of combinations suitable to your type of house.

Send our name and 10 cents to Bass-Hueter for this helpful Selector and its colorful companion booklet "Harmonious Exteriors". Then see us for your paints.

BASS-HUETER PAINT CO.

BUILDING COST HERE SAME AS 5 YEARS AGO

Building construction cost here today is about the same as five years ago, according to a survey of local building costs made by the local building industry.

With material prices, some of the cost of construction, others have decreased and on a number of items building costs have been reduced.

A compilation prepared by the American Building Congress, Inc., of the building costs in the United States for the year 1929, shows that the cost of building here today is about the same as five years ago.

The survey shows that the cost of building here today is about the same as five years ago, and that the cost of building here today is about the same as five years ago.

The survey shows that the cost of building here today is about the same as five years ago, and that the cost of building here today is about the same as five years ago.

The survey shows that the cost of building here today is about the same as five years ago, and that the cost of building here today is about the same as five years ago.

In all this, vari-colored splendor, Miss De Leath finds inspiration to compose music. Her numbers include: "My Lover Comes a Riding," "My Gingerbread Brigade," "The Sea Chair," "In the Arms of Night" and others.

Last, but not least, she is a collector. She doesn't collect stamps or guns or jade or old coins. Earrings are her passion, and she can show one of the widest varieties of ear decorations in the country.

Unightly Piles of Rock Unnecessary

As long as there is rock jasmine, unsightly rock beds are not only disgraceful, but absolutely unnecessary blemishes on any portion of your property.

The rock jasmine, of which there are numerous varieties, comes from the cascade mountains. As hardy as it is, it is easily grown from seed in spots that will support nothing else.

Many persons try to beautify already rocky parkings by keeping them clean shaven. This is both a nuisance and an unsatisfactory method.

Rock jasmine, especially andromeda hibernica, is sturdy and vigorous. It will beat the year round and has soft, silver, foliage and lilac-pink flowers. It needs practically no attention.

Rock jasmine will grow in any soil, and it is a very hardy plant. It will grow in any soil, and it is a very hardy plant.
