

1 client was asked about products, he said, well, I
2 sanded Borg-Warner brakes; and Ford's position then is
3 well, Ford never required sanding, so his ID must be
4 mistaken.

5 Mr. Williams and I talked last night, that
6 Mr. Grewe's ID must be mistaken, but none of these
7 companies required sanding and apparently that was
8 their position, and none of them required sanding and
9 grinding on the brakes.

10 He describes it in connection with Ford and
11 he described it in connection with Borg-Warner and the
12 others, so I just don't see the purpose, and I think
13 it is just an attempt to get in other product
14 exposures.

15 THE COURT: That objection will be
16 overruled.

17 It appears to the Court that that is proper
18 cross-examination, and I will permit those areas to be
19 included and shown to the trier of fact.

20 MR. SMITH: Thank you, Your Honor.

21 MR. WILLIAMS: Thank you.
