Dear Mr. Hirschler:

Dr. Kehoe went directly from the area of his vacation to Portland, Oregon to appear as an expert witness in a court trial, and although he planned to return to the Laboratory on September 1 or thereabouts, I was advised today that the trial has been delayed, and it will not be possible to return to the Laboratory until September 10. September promises to be a month heavily loaded with out-of-town engagements, and, as you may suspect, there will be a large accumulation of correspondence. However, I shall give you the dates during September when it is expected that he will be in the Laboratory:

September 12, 13, 14, 16, 17, 19, 20, 26, 27, 28 and 30

He may have made engagements about which I do not know and there may be others develop within the next few days, but I give you the above information to help you formulate any plans you may wish to make. If you will advise Dr. Kehoe of your selection, he will confirm the date if at all possible.

Very truly yours,

E. R. Fortlage, Secretary to
Dr. Kehoe
