Home with use these and
exclusive, including up
to 10 miles per hour.
The trip will take about
15 minutes. RTD spokes-
men say, in contrast to
about 35 to 40 minutes to
reach home traffic, stations
will be established at Cal-
towel, L. A. and the County
U.S. Medical Center,
among other points.

RTD Route Parking

Parking will be provided
at the El Monte and, prob-
ably at a nominal fee.
Other features may be
used, possibly as one of
many evolutionary steps
on the way to rapid trans-
it, if the idea proves suc-
cessful. The additional
parks are forthcoming.

The RTD also is devel-
oping a shuttle service
for the downtown area
which will go into opera-
tion in October at modest
fairs. A fleet of 19 natural-
gas buses will be main-
tained, with 12 in service
and two in reserve.

They will cover a loop
extending roughly from
Temple St. on the north to
St. on the south and
from Broadway on the
east to Figueroa St. on the
west, with frequent stops
along Broadway, at the Cl-
ay Center and the Mount
Center. Buses are expected
to operate every four
minutes.

New Lines Added

Several new RTD lines
have been added within
the past year to serve
growing areas such as Mar-
ina del Rey and to im-
port low-income areas
with individual busi-
ness offering a concentra-
tion of job opportunities.
Line 118 was imported
from the marine to down-
town and Line 123 was
