A I went to the manufacturing plant in Berlin, New Jersey where we manufactured the Kaylo product lines.

Q We all heard about Kaylo.

At this time in the '60s how many plants did Owens-Corning have around the country?

A In the '60s I think we had 14 manufacturing plants throughout the country.

Q How many of them made Kaylo?

A Just the one in Berlin, New Jersey.

Q Will you tell the jury what was your job title and the responsibilities when you first went there in the mid '60s?

A Yes. I entered the manufacturing plant as the process control supervisor of the facility.

Q All right. You mentioned the process of how Kaylo was made.

Do they have to cut the Kaylo before it is sent out to the customer?

A We do. We actually cut all of our Kaylo or sand it in the facility prior to packaging and
