THE DOW CHEMICAL COMPANY

MIDLAND • MICHIGAN

January 3, 1945

Dr. Robert A. Kehoe
Kettering Laboratory of Applied Physiology
Eden Avenue
Cincinnati, Ohio

Dear Dr. Kehoe:

Because of press of other things, I have not yet prepared the paper which I proposed to give at the spring meeting of the AIHA. I expect your program will be full enough without it. I would therefore suggest that we drop it for this meeting at least. If, however, you have any special reason because of the setup of your program to have this paper, please let me know and I will try to get you a manuscript this month for consideration.

I am sorry to have offered to give the paper and then ask to back out, but if it makes no particular difference I would just as soon be free to apply my time to other more pressing things.

I was glad to have seen you at Pittsburgh but was sorry not to have a chance to talk with you. It has been a long time since I have been to Cincinnati, and I am afraid it will be some time still before I get back.

Please give my regards to my friends in your organization.

Very sincerely yours,

THE DOW CHEMICAL COMPANY
