Will do so shortly.

Subject: Jess Rowland investigation by OIG

Good morning Robert, I hope you had a good weekend.

While waiting for the responses to my other questions, I need to ask another:

Please let me know the status of the EPA's Office of Inspector General investigation into allegations that retired EPA staff member Jess Rowland might have had inappropriate communications with the Monsanto company concerning a pending review of glyphosate by the Agency for Toxic Substances and Disease Registry, or any other allegations of inappropriate behavior on Dr. Rowland's part.

I don't need this by Weds but by the end of the week.

Thanks again,

Michael
