15-Year-Old Wife Tires Of Wedlock

MILWAUKEE, Wis., April 17. — Mrs. Della Creley, at the mature age of 15, is dissatisfied with married life, after two years.

She is eager to cast aside her domestic cares, do her hair in plaits again, or bob it, and go back to school. It is indicated by a petition worked to the effect in Deadwood.

"IT IS IMPOSSIBLE TO ESTIMATE the wealth he created that has generously been given to the world," said Ben Lindsey, (above), speaking to the vast multitude gathered at Santa Rosa to pay last tribute to Luther Burbank. "Had Burbank sought a monopoly in what he did, he would have been the world's richest man." In the lower photograph is seen the pallbearers carrying the body of Luther Burbank, the famous horticulturist, to its final resting place amid the flowers of his garden in Santa Rosa.

For annulment filed in her behalf in circuit court here.

Mrs. Creley was only 15 when she was married to a man who was 25 years old.

Economy In Buying Lumber

Our experience in the building material business has taught us that certain kinds of material are better suited for certain purposes than others.

Sometimes the cheaper grades will do the work fully as well as the more expensive ones; in other places it is economy to use the better grades because they last longer or look better.

Thus our knowledge of materials and construction will SAVE YOU MONEY AND MISTAKES. If you are interested in building drop around to see us.
