

1 all over the lobby at the Sinai Hospital?

2 A Yes, it was.

3 Q Was Mr. Vandergucht ever around when that
4 Audicote was applied, to your knowledge?

5 A Yes.

6 Q Then the last job that you talked about with
7 plasterers would be the door bucks that you talked
8 with Mr. McGowan about?

9 A Yes.

10 Q Am I correct that before you would do your
11 work as a plasterer, the laborers would come in and
12 erect a scaffold for you so you could get to the whole
13 wall?

14 A Yes, they did.

15 Q And then you would install a lath?

16 A Well, the lathers.

17 Q The lathers would do that?

18 What is that?

19 A A lathe is a metal mesh and they have three
20 or four different kinds, like the galvanized metal,
21 the black metal. They have rock lathe, which is a
