To R. L. Lembke, M.D. - Ponca City, OK
From W. V. Henry - Lake Charles VCM Plant
Date September 12, 1977
Subject Annual Industrial Hygiene Inspection -
Lake Charles VCM Plant

As per Dr. Steffey's letter of August 26, 1977 the following recommendation was made.

All hoist beams should be checked for posting the correct load limits. Those especially needing attention are located in the welding area and in the maintenance shop.

The work has been completed correcting this deficiency.
