

1973. You just chose not to publish it?

A That's what you say.

Q Do you agree with that?

A Danger, contains asbestos fibers, yes, avoid creating dust, cancer and lung disease hazards, yes.

Q You knew all that in 1973?

A I did not know that.

Q The Institute knew all that?

A Institute members may have known it. People like JM and Raybestos, and others, who were one of the leaders of this thing, they knew it.

Q Sir, everybody that attended that conference in Vail knew it, and that included you?

MR. HARKINS: He didn't finish his prior question or prior answer. You interrupted him.

MR. DeLUCA: He can tell me that.

MR. HARKINS: Well I will tell you that.

MR. DeLUCA: Can you read his mind, counselor?

MR. HARKINS: I could hear him and I could tell he was still speaking when you
