Good afternoon,
Congressman Van Drew spoke with Secretary Duffy about visiting the FAA in the district. We would like to try to lock in a date and then Haddon can go over the agenda.

Potential Dates:
April 4th, 11th, or 17th

Back up date:
May 9th

Would any of these dates work for Secretary Duffy?

Subject: Congressman Invitation to Technical Center

Good Afternoon Nick,

Was good talking with you earlier. Congressman Van Drew extends an invitation to Secretary Duffy to join him in South Jersey for a ceremony celebrating the revitalization of the William J. Hughes FAA Technical Center *for Advanced Aerospace*.

Last year the Congressman codified the Technical Center by writing it into the U.S. Code (49 U.S.C. § 106(h)) through the FAA Reauthorization of 2024. This made the Center a formal part of federal law and established it as a leader in new aviation technology. This event will officially rename the Technical Center to include *Advanced Aerospace*, and is a great opportunity for the Secretary to emphasize his agenda on using technology to improve aviation safety. I know you said he was also interested in touring the facility.

My Chief of Staff has identified three viable dates for the Congressman, April 14th, 21st, or 25th. We hope that one of these will work for the Secretary. We discussed the day after easter, the 21st, being potentially ideal.

I have cc'ed Beth Burkett, Chief of Staff of the Technical Center, and Alyson, the Congressman's Scheduling Director, to facilitate arrangements.

Sincerely,

Haddon Antonucci – Deputy Chief of Staff for Policy
Congressman Jeff Van Drew (NJ-02)
