Mr. Karel Vettewinkel
National Lead Company
111 Broadway
New York, N. Y.

Dear Mr. Vettewinkel:

I attach copy of memorandum I have just written to our good friend Mr. Sprague. I thought you would be interested in the subject matter of this memorandum.

I believe you and I are of one mind in regard to what is good for the White Lead industry, and it seems to me that in some way the White Lead industry should be bringing this influence to bear where matters of this sort are concerned.

The logical procedure would appear to be to work with the people who are responsible for these specifications on paint.

Yours very truly,

A. R Knight
