Dear Dr. Wagoner:

With reference to my letter to you yesterday, regarding a meeting with members of Monsanto and NIOSH to discuss effects of PCB on humans, I was in error in giving you the name of Dr. Oliver DeCarmo. The man you should contact if you want a meeting before I return from my trip is Mr. William B. Papageorge, who can be reached at the above address.

Sincerely,

R. Emmet Kelly, M. D.
Medical Director
