Subject: BOEM

Just received a call from David Johnston, Acting Regional Director of Resource Evaluation for BOEM in Anchorage. He said he understands I am supposed to have the lead on NPRA and ANWR, and that BOEM is expected to cooperate/collaborate. He called to say that BOEM fully supports all of this and stands ready to work with us in any way possible, including sharing of well data, etc. I mentioned the possibility - if BLM approves - of us working the NPRA 3-D data held by BOEM and he said they would be pleased to cooperate on that.

Thanks Dave. It's encouraging to hear that BOEM is ready to support these efforts...
