

1 A That is correct.

2 Q Now, sir, I know it was a while ago and
3 there were a lot of lawyers shooting questions at you,
4 but do you remember testifying at your deposition that
5 it was close to nine to ten months?

6 A It could have been nine to ten months, but
7 the job ran for a year. I might have only been there
8 nine to ten months. Like I said, I was off and on.

9 Q All right. Fair enough.
10 You mentioned that Kaylo was used there?

11 A Yes.

12 Q Can you tell the jury who manufactured the
13 Kaylo at that time?

14 Do you recall?

15 A I wouldn't know.

16 Q Am I right that the pipecoverers who were
17 responsible for putting up the Kaylo, they were also
18 responsible for insulating the ductwork?

19 A Yes.

20 Q And they would do that with fiberglass; is
21 that right?
