I really enjoyed the opportunity to meet you and wish we had had more time to visit. There are some issues I may want to discuss with you, so I'll get in touch soon. I understand the Administrator will be coming to Utah next Tuesday. Will you be with him?

It was great to meet you at the State Directors meeting in Region 8. I thought the dialogue around enforcement and state programs and the region were productive and encouraging. I am encouraged that the message of better partnerships and greater confidence in our state partners is beginning to take hold and will only grow from here.

I am very much looking forward to continuing to work with you and Utah to achieve better balance between you and the EPA all the while providing better outcomes for those we serve.

Please feel free to contact me anytime if I can be of help.
