Mr. D. E. Baldwin
Westinghouse Electric Corp.
Hampton, South Carolina

Dear Dave:

We are just about wound up on the Underwriters' program and, before this matter gets lost in the shuffle, I thought I had best write you and give you the summary of the expenses involved in the label program as of the 1st of this calendar year.

The tabulation attached indicates direct out-of-pocket expenses we have paid in the amount of \$5,740.04. Your share comes to \$2,870.02, and I presume you will want to issue your purchase order as before.

Please note that we have included no costs whatsoever for travel expense, overhead, engineering expense, etc., as these would only unduly inflate the cost of the project for we have been involved in quite a substantial outlay.

There should be little or no additional charge other than that of the actual label service when required.

I would appreciate your getting this cleaned up at your earliest convenience.

Very truly yours,

UNITED STATES PLYWOOD CORPORATION

Hick
