J. F. Welch, Vice-President

DATE

June 8, 1984

SUBJECT: State of California - Study of Permeation of Water Pipes

REF: (1) JFW correspondence, same title, May 25, 1984  
(2) JFW correspondence, same title, April 13, 1984

ACTION REQUIRED: Review for information

On June 7, 1984, Staff again contacted Tom Novey, program manager for the interagency study on water pipe permeability. The draft testing protocol was approved and endorsed by the involved agencies. The Governor's Office endorsed appropriation of \$200,000 for the research, so all indications are that study will commence later this year.

When the protocol is approved by Governor Deukmejian, Novey will provide copies to all contributing parties, including AACPP.

If you have any questions, please do not hesitate to call.
