SUBSIDIARY OF PITTSBURGH PLATE GLASS COMPANY

P O BOX 900
LAKE CHARLES, LA.

April 8, 1957

Fuller-Austin Insulation Co.
Highway 90 West
Lake Charles, La.

Attention: Mr. P. R. Austin

Gentlemen:

As you know, this plant has been shut down by an economic strike of the labor union which represents our hourly-paid production and maintenance employees since February 2, 1957.

Construction and contract maintenance work being performed by yourselves and other contractors has, in the meantime, progressed to a point where its continuation can no longer be economically justified. We are, therefore, in accordance with the terms of the contract between us, dated January 25, 1955, serving you with this notice of our intent to terminate same as of Friday, April 12, 1957.

Your understanding and cooperation in this matter is greatly appreciated.

Very truly yours,

A. T. Raetzsch
