Dr. W. J. McConnell
Assistant Medical Director
Director, Industrial Health Bureau
Home Office, New York

Dear Dr. McConnell:

Thank you very much for your letter of December 8th and Mr. Petrick's comprehensive report of the study he made of our Niagara Falls, Ontario, District Office.

This office has given us some trouble for some time, and I am hopeful that Mr. Petrick's report will help us correct the situation which exists. I am referring your report to Mr. Smith, our Superintendent of Agencies, and asking him to follow through with our Manager Brown to see to it that the recommendations are carried out.

Thanks for your cooperation. I send you kind regards.

Sincerely yours,

Glen J. Spahn
