David, the link below should be able to answer your questions. It does not appear that the EPA is the lead agency on any of the projects, so we won't be able to answer any questions on specific projects. Thanks!

Hello,

I am a reporter with The Daily Caller News Foundation.

Is there a list of current and prior highway projects under NEPA review that you could provide me?

If available, I'd be curious to know the start date for the project review and its current status.

I am on deadline, so I appreciate your prompt reply.

Thank you,

David Sivak
