Subject: RE: Visit to Wyoming

Thanks, Ken – either 5 PM or 5:40 PM (EDT) today works for me. We're in the final days of MN's Legislative Session, so I may be pulled away at short notice.

We are eager to have you visit us in MN; I look forward to discussing that.

Todd:

Irony, I am on a train returning from Philly to DC. Met with Region 3 today. I am happy to try to set something up. Tomorrow my work. I have a potential 5-5:30pm that has not responded. I will let you know if that opens up or perhaps 5:40pm tomorrow

I am looking forward to seeing the document. Also, want to discuss a visit to Minnesota with John.

Ken

Ken, thank you for the note. My team and I truly enjoyed your visit and appreciated you spending the day visiting and discussing how we can achieve better outcomes. We will be following up in writing on some of the items we discussed. I look forward to a great working relationship with you and Administrator Pruitt.

As I mentioned during your visit, ECOS has worked through a consensus-based process among the ECOS state members to develop the attached Cooperative Federalism 2.0: Achieving and Maintaining a Clean Environment and Protecting Public Health.

The document is at the designer for final publication which we expect to happen next week. You will probably hear some buzz about the document later this week and certainly early next week. We wanted to give you and the Administrator an early opportunity to see the contents of the document. John Stine and I would be happy to visit with you about the document at your earliest convenience. I am in Philadelphia now and will be back in Cheyenne around 2:00MT tomorrow. Would you be available for a call around that time? Between 4:00 and 5:00 EST Wednesday, or perhaps Thursday.

Todd:

Thanks for a great day meeting your team and visiting about how we can better partner together. The Administrator truly believes that we can achieve much better outcomes for those we serve through cooperative federalism and a real and trusting partnership. I really enjoyed meeting your outstanding team.

I look forward to working together for the State of Wyoming as well as through ECOS. The Administrator intends that I serve as an additional point of contact, so let me know if I can ever be of assistance.

Ken
