

RESPIRATORY PROTECTIVE EQUIPMENT

<u>Department</u>	<u>Equipment</u>	<u>Equipment Used For</u>	<u>Equipment Distribution</u>	<u>Job Classification</u>
Raw Materials	3M 8710 dust respirator	Limestone dust	Disposable	All classifications as needed
Chemical Products	3M 8710 dust respirator	Alumina	Disposable	All classifications as needed
Chemical Products	3M 8710 dust respirator	Cement	Disposable	All classifications as needed
Sinter Plant	3M 8710 dust respirators	Sinter dust	Disposable	All classifications as needed
Sinter Plant	3M 8710 dust respirators	Lime Dust	Disposable	All classifications as needed
Machine Maint. Shop	Willson 1200 Series 1/2 mask R11 Particulate filter	Babbitt (lead fumes)	Assigned to individuals	Machinist
Welding & Sheet Metal	Willson 1200 Series 1/2 mask R11 Dust Fume, mist filter	Welding fumes	Assigned to individuals	Welders - Sheet Metal Workers
Welding	Willson 1200 Series R25 & R11 (organic vapors & dusts, fumes and mists)	Burning or welding on epoxy paint	Assigned to individuals	Welders
Welding	(3) 3M White Cap W5005 Airline respirator	Welding fumes and gases in confined spaces	Departmental respirators	Welders
Building Maintenance	(2) Paul Griffitt Airline Respirators (2) Samsform	(Free silica)	Departmental Respirators	Labor
Electrical	(4) Willson TICM full-face CI organic vapor	Electrical degreaser (1,1,1-Trichloroethylene perchloroethylene)	(4) Assigned to individuals	Electricians
Plant Protection	(4) Scott Air Packs	Fire fighting (on trucks)	Emergency equipment 2. welding shop 2 on firetruck	Guards
Building Maintenance	Willson 1200 Series R11 (Particulate filter)	(Free silica) Brick Sawing	Assigned to individuals	Mechanical Maintenance Mechanic
Safety	(2) Alstream 4H5 Helmets	Experimental		
Building Maintenance	Willson 1200 Series R14 and R21	Spray Painting	Departmental	Painters
