10th May, 1961.

Dr. J. McNulty,
District Hospital,
Kalgoorlie,
WESTERN AUSTRALIA.

Dear Dr. McNulty,

Thank you very much indeed for your letter with enclosed clinical notes and chest X-rays of Mr. which I received when I was in Perth recently.

As you indicated, it is not easy to reach a definite diagnosis in this man's case, and on his history as given to me by himself I would like to be assured of the complete normality of his cardiovascular system. Accordingly I have asked that Mr. be referred to Dr. Bruce A. Hunt of Perth for physical examination and report. I have asked Mr. P. Thomas to forward the x-rays to Dr. Hunt, and then to collect them again as soon as Dr. Hunt has finished with them. Mr. Thomas will then return the films to you, and I shall send you a copy of Dr. Hunt's report. Dr. Hunt will no doubt discuss the problem with Dr. D.D. Lethem as you have suggested.

With kind regards,

Yours sincerely,

H. Hammond Ponnie.
