Part No.

**FORD TRUCK (Cont.)****850 SERIES (Cont.)**

|                                                                      |       |
|----------------------------------------------------------------------|-------|
| w/Fuller R46 Transmission, 477 or 534 Engine (At Transmission) ..... | M7102 |
| (At Midship Bearing) .....                                           | M7100 |
| (At 1st Rear Axle) .....                                             | M6102 |
| All Models (1st Rear Axle to 2nd Rear Axle) .....                    | M6100 |

**950 SERIES**

|       |                                                                                                               |       |
|-------|---------------------------------------------------------------------------------------------------------------|-------|
| 61-63 | F950, F950D, Series w/Spicer or Fuller Transmission w/o Auxiliary Transmission                                |       |
|       | w/Mechanics 6CL Joints—Front .....                                                                            | M6109 |
|       | Center, Rear .....                                                                                            | M6100 |
|       | w/Mechanics 7CL Joints—Front .....                                                                            | M7102 |
|       | Center, Rear .....                                                                                            | M7100 |
|       | w/Spicer Transmission and Auxiliary Transmission, 6CL Joints (Transmission to Auxiliary Transmission) .....   | M6100 |
|       | w/7CL Joints (Transmission to Auxiliary Transmission) (At Rear Axle) .....                                    | M7100 |
|       | (At Auxiliary Transmission) .....                                                                             | M7102 |
|       | w/8CL Joints (At Auxiliary Transmission) .....                                                                | M8102 |
|       | (At Rear Axle) .....                                                                                          | M8100 |
| 1960  | F950, C-950 w/R46 Transmission and 477 or 534 Engine—Front .....                                              | M7102 |
|       | Center, Rear .....                                                                                            | M7100 |
| 61-63 | T950, T950D Series w/Spicer 5000 Transmission w/o Auxiliary Transmission Front .....                          | M6109 |
|       | Center, Rear .....                                                                                            | M6100 |
|       | w/Auxiliary Transmission (Transmission to Auxiliary Transmission) .....                                       | M6100 |
|       | (At Auxiliary Transmission) (At Midship Bearing) .....                                                        | M8102 |
|       | (At 1st Rear Axle) .....                                                                                      | M8100 |
|       | w/Spicer 6000 Transmission w/o Auxiliary Transmission—Front .....                                             | M7102 |
|       | Center, Rear .....                                                                                            | M7100 |
|       | w/Spicer 6000 Transmission w/Auxiliary Transmission (Transmission to Auxiliary Transmission) .....            | M7100 |
|       | (At Auxiliary Transmission) .....                                                                             | M8102 |
|       | (At Midship Bearing) (At 1st Rear Axle) .....                                                                 | M8100 |
|       | All Models (1st Rear Axle to 2nd Rear Axle) .....                                                             | M7100 |
| 59-60 | T950 Series w/Spicer 5000 Transmission w/o Auxiliary Transmission—Front .....                                 | M6109 |
|       | Center .....                                                                                                  | M6100 |
|       | (At 1st Rear Axle) .....                                                                                      | M6102 |
|       | w/Spicer 7231 Auxiliary Transmission (Transmission to Auxiliary Transmission at Auxiliary Transmission) ..... | M6100 |
|       | w/Spicer 8341 Auxiliary Transmission (Transmission to Auxiliary Transmission at Auxiliary Transmission) ..... | M6102 |
|       | w/7231 or 8341 Auxiliary Transmission (Transmission to Auxiliary Transmission at Transmission) .....          | M6100 |
|       | (Auxiliary Transmission to 1st Rear Axle) .....                                                               | M8102 |
|       | w/Spicer 6000 w/o Auxiliary Transmission or Fuller R46 Transmission Front .....                               | M7102 |
|       | All other locations .....                                                                                     | M7100 |
|       | w/Spicer 7231 or 8341 Auxiliary Transmission (Transmission to Auxiliary Transmission) .....                   | M7100 |
|       | (Auxiliary Transmission to 1st Rear Axle) .....                                                               | M8102 |
|       | All Models (1st Rear Axle to 2nd Rear Axle) .....                                                             | M7100 |

**1000, 1100 SERIES**

|       |                                                                                                                            |       |
|-------|----------------------------------------------------------------------------------------------------------------------------|-------|
| 61-65 | C1000 Series w/5 Speed H.D. Transmission w/Mechanics 6CL Joints—Front .....                                                | M6109 |
|       | Rear .....                                                                                                                 | M6100 |
| 61-65 | C1000, C1100, F1100, F1100D w/Spicer or Fuller Transmission and Mechanics 7CL Joints—Front .....                           | M7102 |
|       | Center, Rear .....                                                                                                         | M7100 |
| 61-65 | F1000, F1000D Series w/o Auxiliary Transmission, w/Spicer or Fuller Transmission                                           |       |
|       | w/Mechanics 6CL Joints—Front .....                                                                                         | M6109 |
|       | Center, Rear .....                                                                                                         | M6100 |
|       | w/Mechanics 7CL Joints—Front .....                                                                                         | M7102 |
|       | Center, Rear .....                                                                                                         | M7100 |
|       | w/Spicer Transmission and Auxiliary Transmission, Mechanics 7CL Joints                                                     |       |
|       | (Transmission to Auxiliary Transmission) (Midship Bearing to Rear Axle) .....                                              | M7100 |
|       | (Auxiliary Transmission to Midship Bearing at Auxiliary Transmission) .....                                                | M7102 |
|       | w/Spicer Transmission and Auxiliary Transmission, Mechanics 8CL Joints (At Auxiliary Transmission)                         |       |
|       | (At Midship Bearing) (At Rear Axle) .....                                                                                  | M8102 |
| 61-65 | F1100, F1100D Series w/Spicer or Fuller Transmission & Mechanics 8CL Joints (Transmission to Auxiliary Transmission) ..... | M7100 |
|       | (Auxiliary Transmission to Midship Bearing at Auxiliary Transmission) .....                                                | M7102 |
|       | (Midship Bearing to Rear Axle) .....                                                                                       | M8100 |
