Scott - I wanted to thank you for meeting with the Reliable One folks yesterday. They are trying to make a difference with their new technology and will be sending the literature as requested. You are making Oklahomans very proud and keep up the good work! Chris

Scott,

I stopped by your AG's office after the announcement for the EPA but you had already left the office for the day. I would like to set up a meeting with you to discuss water cleanup and recycling. If you will be in OKC soon, I would like to meet you in OKC. However, I am willing to travel to DC if you will not be in OKC in the very near future. Just let me know when would be the earliest opportunity to meet and where.

Regards,
Chris Tytanic
