

Golden Bulb Flowers
Lovely Bulb Flowers
 The yellow form of the paper white narcissus so well known in San Diego. It has been admitted for several years as a lovely bulb novelty and this year an improved type is making an appearance. The flowers are yellow with orange cups. Planted in a dish with pebbles and water or in a jar containing bulb fiber, the bulbs sprout quickly. When they bloom their thick clusters of golden flowers are a delightful surprise and most decorative.

Architects have been authorized to offer an especially operative service for work under and for the duration of the national housing act for minor alterations and additions. This is a consultation service for which he is paid a fee for diagnosis, visit to the site and drafting as required. The profession is wholeheartedly in favor of the policies of the administration which make this home building and home renovation program of vital interest to every home owner.
