Dear Dr. Roman:

I have contacted the University of Louisville, whose people have reviewed all our cases of angiosarcoma of the liver and arranged for them to receive the material on Mr. Steel of the Niagara Falls BFG plant.

Please ask to have the section and other relevant material sent to:

Dr. Carlos Tamburro
Suite 119A
Health Sciences Center
School of Medicine
University of Louisville
Louisville, Kentucky 40292.

They will review the slides there and make further referrals as appropriate.

Thank you for your assistance in this matter.

Sincerely,

Harold W. Diets, M.D.
Director
Health & Environmental Services
