Q. E. Thompson - T3E
J. C. Wygant - T3E

TO : G. J. Levinskas - A2SA

Enclosed are three samples for fish toxicity. Please use the same procedure as used for Santosol 100 (MCS 1175). The samples are:

BTL
Aroclor 1242, KK-475 72-82
Santosol 300, AA-2 72-83
MIPB (Dixie Chemical) 72-84

These samples are to replace the ones lost in shipment between you and Biotest. We wish this data on Aroclor 1242 to use as a baseline. Santosol 300 and MIPB are active products and such data is needed.
