Attn: Mr. L. E. Feitt

Dear Mr. Feitt;

The four copies of the November NEWSLETTER were mailed to you on November 5. If you need more, we have a few.

I note your reprint of "ASBESTOS SUSPECTED AS A CANCER CAUSE" in the NYSICA November issue. At our national meeting in San Francisco, we had as a speaker, Dr. Kenneth Smith, MD Medical Director of Johns-Manville. He is probably the world's top man on Asbestosis, with a life time of experience and knowledge.

Dr. Selikoff is a new comer in this field, and apparently has the support of the unions in his position that all cases of this disease and similar ones, are the fault of employers. I am sure that Ray Wopperer and Ted Spania can fill you in on Dr. Smith's address, which is a rebuttal to Dr. Selikoff's position.

Please let me congratulate you on NYSICA NEWS. As another "FRUSTRATED EDITOR", I know what you're going thru, and if I can help in anyway, please don't hesitate to let me know. Use anything from the IDCNA NEWSLETTER that may be of interest to you.

Sincerely yours,

E. F. Jones
