Communication

SUBJECT: SDA MEETINGS ON PROPOSITION 65

It seems important to me that we have somebody from Vista attending these meetings in order to stay up-to-date on the actions and information the SDA is coming forward with relative to the movement. Do you agree with this?

If you do agree, are you getting the notices to these meetings directly and with proper advance notice? The attached notice seems to have been issued at the last minute. Please give me your comments and suggestions if there is anything we can do to make sure we have the proper representation.

RE: Meeting Notice

Proposition 65: SDA meeting scheduled for March 14, 1988 at SDA Headquarters in New York, 10:30 a.m.

This meeting will provide the opportunity to review Proposition 65 issues, including developments related to interpretation and enforcement of that statute. Members of the SDA Legal Committee have been invited.

Please let us know whether or not you plan to attend by returning the enclosed form.

A preliminary agenda for the meeting is enclosed. The agenda will be revised to reflect developments between now and the meeting. Please give us any suggestions you may have with respect to items you would like to have covered at the meeting.

We do not yet have copies of the complaint in the Committee for Uniform Regulation and Labeling (CURL) suit. We expect to have copies of the complaint to distribute at the meeting on March 14th.

Very truly yours,

Keith A. Booman
