Dear 5.1.2e

Thank you for your email. We are very interested to hear the development on the manufacture of PTFE without PFAS polymerization aids. Next to RIVM/NL, also colleagues from Denmark, Sweden and Germany would like to join a call; I have put all names in cc.

I would appreciate if you could schedule a conference call. Timing of the meeting is probably not easy. Week 14 is already fully booked at our side due to (international) meetings, week 15 is holiday period in certain parts of Europe and I am away in week 16.

Kind regards,

5.1.2e
