Dear Ms. Soward:

In the most recent NTP Management Status Report, the attached page listed a report being prepared for testing done on Ethoxylated Dodecyl Alcohol (CAS No. 9002-92-0). I would appreciate receiving whatever information is available on this study. Particularly, I would like to know the rationale for testing the product. Thank you for your cooperation.

Sincerely,

Thomas G. Grumbles, C.I.H.
Environmental Quality Manager
