Subject: AFFF Risk Alert

Colleagues: Attached is a CMRM Risk Alert for AFFF. We coordinated the alert with the Services

US00007848

via the EC Steering Committee and all comments were incorporated. We also coordinated the alert with the Environmental Readiness & Safety Directorate in OSD (for fire protection issues), the industry Fire Fighting Foam Coalition, and 3M Company.

We plan to release the alert next week via our MERIT email distribution and a number of DoD web sites including the Acquisition Community Connection.

Paul
