

Air Quality Sub-
committee - Minutes

- 3 -

December 8, 1978

a number of changes agreed upon. These will be incorporated in the typing copy and released with author's review.

9. Sl1T - Priorities for Workspace Sampling for Exposure to Chemicals
W. H. Darnell discussed his dept., and Company progress in the development of material safety data sheets. He recommended replacement of Figure 2 based on the NIOSH form with form CH3037 currently being used by CD&P and several other departments. P. M. Norling, Office of Health and Safety, has requested this form be made available Company-wide by stocking in stationery and forms. General Services Dept. In addition, however, the subcommittee requested that the sample sheets included in Sl1T be filled out as an example of a completed form. C. S. Hornberger was requested to prepare the latter.
10. S4T - Measurement and Control of Asbestos Dust Exposure
On recommendation by S. W. Dixon, it was agreed a new Paragraph 8.1.4 should be added clarifying the difference in reporting requirements between demolition and renovation operations. It was also agreed these terms should be defined using the letter from B. J. Riley dated September 27, 1978 as the basis. C. E. Marsh will revise Section 8 accordingly.

REVIEW OF PLANS FOR PLANT MEETING

L. T. Freeland discussed plans for meeting at the Beaumont Plant on Tuesday and Wednesday, February 6-7, 1979, which will be our next meeting.

WORK SCHEDULE

The chairman reviewed the 1979 Work Schedule, particularly in regard to reassignment of responsibilities due to subcommittee changes for 1979. A revised copy of the schedule is attached.

ADJOURNMENT

The meeting adjourned at 3:45 p.m.
