Sydney,

We recently hired a new partner at the firm and Amb. Gray would like to bring him to the meeting. Is it possible to bring another person?

If so, his name is Andrew Varcoe for security purposes. If not, we understand.

Thank you,

Thank you for confirming and the list of attendee's. I have included the instruction/direction to EPA for your meeting.

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Hi Sydney,

Would a meeting between 4:00 and 5:00pm work? If not, we could make 9:00 to 10:00am work.

If neither work, let me know what times we can work with and I'll see what I can move around for Amb. Gray and Mr. Vander Griend.

Thank you!

Dear Mr. Jackson,

On behalf of Amb. C. Boyden Gray, I write to request a brief meeting with Administrator Pruitt. Mr. Gray would like the opportunity to introduce Dave Vander Griend, who is the President and CEO of ICM, Inc., a major ethanol plant manufacturer. Mr. Vander Griend helped to craft the ethanol policy proposal that Ted Cruz used with success in the Iowa primary.

We hope you agree a meeting would be timely in light of current discussions concerning EPA's fuel-related Clean Air Act regulations and the auto industry's greenhouse gas and fuel economy standards.

Mr. Gray's assistant, Bethany Davis, can help to schedule a meeting at Mr. Pruitt's convenience.

Thank you.

Adam Gustafson
