 Mr. C. P. McClelland

Subject Pantasote Company
Technical Service

Dear Dr. Dernehl:

This concerns Mr. C. P. McClelland's letter of May 27 to me.

I would like to describe for you our present sales position at subject company. During 1958 they purchased from us 465,000 pounds of Vinyl Chloride Monomer valued at \$53,000. During the first four months of this year they purchased 692,000 pounds of Vinyl Chloride Monomer valued at \$79,000. They are presently the Chemicals' Company largest customer for this product. Largely for reasons of their purchases, I would like to suggest that we submit as much help as possible to them in answer to their letter request of May 21 to Mr. McClelland. I do not suggest that we go beyond what is legally prudent. We believe the time and expense which may be involved in securing this information is justified on the basis of past and future sales to this company.

Very truly yours,

PGMagnusson/els
