NO ABSTRACT

UNITERMS

PIPE
RECLAIM
ASBESTOS
TACB

Dear Mr. Stewart:

The Celanese Chemical Company, Inc. plant, at Bishop, plans to reclaim about 1100 linear feet of steel pipe ranging in size from 1" to 10" in diameter. This reclamation work will start January 4, 1982. The pipe is insulated with friable asbestos insulation, so insulation will be removed as the first step, and landfilled in the designated asbestos landfill located on the plant site. All precautions, outlined in 40 CFR 61.20 - 61.25, will be observed.

This letter will serve as a notification of this work, as required by 40 CFR 61.22 (d)(2). The attached data sheet lists all the pertinent data.

Please contact me if you have any questions or comments.

Very truly yours,

CELANESE CHEMICAL COMPANY, INC.

R. R. Graham
Acting Plant Manager
