## COMPLIMENTARY WEBINAR, THURS 11/30, CPE CREDIT

Hi Ryan,

The White House vision for Federal IT modernization calls for secure use of the best commercial technology available. The plan is also charged with enabling more rapid delivery of new methods and technology to the public to improve cybersecurity of networks and systems, and spur agencies to operate IT more cost effectively.

This webinar features Tim Thorpe, Director, Enterprise Hosting Division, Environmental Protection Agency and will address how government is achieving IT innovation through policy, technology, and workforce change.
