Dear Mr. Brown:

Re: Dr. Gardner's Asbestos Dust
Experiments

Thank you very much for your letter of January 10th together with copy of Dr. Leroy U. Gardner's letter of January 6th, from which I note that with depleted staff he is endeavoring to write up and submit the report some time during the next several months. Under the circumstances, all we can do is to await the time when Dr. Gardner can get round to complete the report which I hope will be not too long a time hence.

With kindest personal regards, I remain

Yours sincerely,

President
