* - Genaut customers only should refer to Classification or Price List to determine the availability of both bonded and/or riveted sets. Also, shoe set numbers for drum brakes show a prefix of B-(Bonded) or RS-(Riveted) or both. Again, refer to your Rebuilder's Classification or Price List to determine the availability of both bonded and/or riveted sets.

H-P-N = New Part Number

- This vehicle originally equipped with (MS) Semi-Metallic disc brake material. S-, AS- and other organic materials will fit and may perform satisfactorily, but are not recommended.
