P.O. Box 1154
Englewood, Colorado 80150

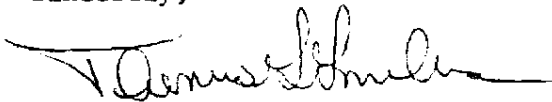

Dear Kathleen:

In regards to the attached letter, please be aware that as of July 20, 1984 certain assets of Conoco Chemicals were purchased by Vista Chemical Company. The majority of the Conoco Chemicals' products became Vista products. I believe we have sent new MSDS's to IHS to reflect this change, however, your recent letter (attached) was addressed to Conoco Chemicals.

Also, since the Vista sheets were produced, many of the emergency phone numbers were changed. We are in the process of changing the sheets but no sheets should go out now without the numbers being changed. Therefore, I cannot give permission at this time to film our MSDS's.

Please contact me at 713/531-3445 if you have questions on the above.

Sincerely,

Thomas G. Grumbles, CIH
Environmental Quality Manager

ATTN: MSDS Request Department

Dear Office Administrator:

We have been approached by the Lawrence Livermore National Laboratory to obtain the Material Safety Data Sheets (MSDS) for the chemicals sold to them from your company, if possible, all your MSDS's would be preferred.

This company is a mutual customer who would like to have these MSDS's filmed and included in our services. This is at no cost to you, the manufacturer. Our customer would like data on all of the chemicals they have on premise to be on film for easy access, maintainability, currency and completeness, which is our function. We need your permission to film them.

In addition to the above, some other organizations which currently use our system include:

Minnesota Poison Control Center
City of New York Fire Department
NASA
Brookhaven National Laboratories
Ft. George Mead
Tennessee Valley Authority
Point Mugu

ARCO Alaska
Raytheon Corporation
Arizona Public Service
Ford Motor Company
Louisiana State University
Martin Marietta

When we've completed filming your MSDS's, we'll forward a copy of our microfiche, AT NO COST TO YOU, which can be used by you for historical purposes and verification. I want to make it clear to you that these data sheets will be available to all of our users, not limited to the above.

I have enclosed a brochure for your review and a return label. If you have any questions, please do not hesitate to call me toll free at 1-800-525-7052 or 7053. A copy of this letter is being sent to Lawrence Livermore.

Sincerely,

Kathleen Sample

To Whom It May Concern:

Please forward all Material Safety Data Sheets of chemicals sold to the Lawrence Livermore National Laboratory (LLNL) to Information Handling Service (IHS). IHS needs your permission to include your MSDS' in their microfiche system. LLNL depends on this service to provide us current MSDS' presented in an organized and easily accessible manner. LLNL will be happy to send our copies of any of your MSDS' that we now have, to IHS to incorporate into their system.

If you have any questions, please feel free to contact Sandi Fisher at LLNL at 415-423-4804 or Kathy Sample at IHS at 800-525-7052. Thank you.

Sincerely,

Sandi Fisher
